

PSORIASIN Medicated Wash

UPC #'s: 0-72959-01027-0

What is the active ingredient in PSORIASIN Medicated Wash?

PSORIASIN Medicated Wash contains 3% salicylic acid.

What are the directions for PSORIASIN Medicated Wash?

Use on affected areas in place of regular soap or shampoo at least 2 times per week. Wet skin and/or scalp and apply **PSORIASIN Medicated Wash** and massage to form a rich lather. Leave lather on the scalp or skin for two minutes, rinse thoroughly, and repeat if necessary. Be sure to read all product package label Directions, Uses and Warnings and follow them carefully.
