

## **PSORIASIN Ointment**

**UPC #'s:** 0-72959-78004-3

### **What are the directions for PSORIASIN Ointment?**

Apply a small amount of **PSORIASIN Ointment** to affected areas, one to four times daily or as directed by a doctor. Be sure to read all product package label Directions, Uses and Warnings and follow them carefully.

### **What is the active ingredient in PSORIASIN Ointment?**

**PSORIASIN Ointment** contains 2% Coal Tar.

### **Why is there a warning about this product containing chemicals known to the State of California to cause cancer?**

This warning refers to coal tar, the active ingredient in **PSORIASIN Ointment**, and is a requirement of the State of California; however an expert advisory panel of the US FDA has recognized the active ingredient in **PSORIASIN Ointment** to be safe and effective when used as directed. The FDA does not share the opinion of the State of California that this warning should be present.

### **Why do the directions for PSORIASIN Ointment say "test on a few strands of hair before broader application"?**

Coal tar, the active ingredient in **PSORIASIN Ointment**, may affect very light hair color. We recommend testing on a few strands before applying to larger areas where hair is present.
